1. Getting in

Sign in → Build profile → Optional → Verify work email → Unlocks → Refer people mode

2. Find opportunities (tabs: Companies, Chats, Badge, Referrals)

Companies → Request meet → Request sheet → Send → Chats (pending) → They accept → Chat, 20 messages

Also in this mode

- Badge tab: your QR, scanned by referrers
- Referrals tab: companies that referred you

3. Refer people (tabs: Scan, Candidates, Requests, Referrals made)

Scan → Scan badge → Candidate card → Refer, Save or Pass → Referrals made

Other ways in

Candidates → View → Candidate card

Requests → Accept → Chat, 20 messages

The mode toggle at the top switches between the two modes once your work email is verified. The Profile link is in every header. The Badge link is in the header of Refer people mode. Back returns to the page you came from.

Hi, I saw your React project. Happy to talk about the role.

Thanks! I am near the food stalls in a green hoodie.

Great, I am by the main stage in a navy shirt. Could you share your LinkedIn?
